

DIESEL FUEL ADDITIVE

Part No. 3081504* | 16oz Treats 500 Gallons

At CTP® we believe that the money you save with New CTP® Replacement Parts for use on Caterpillar® equipment can give your business the competitive edge needed in today's price sensitive markets. Why settle for used, rebuilt, or remanufactured parts, when you can buy new quality replacement parts from CTP®? Whether it is for your tractor, diesel truck, engine, or excavator, CTP® quality replacement parts are there to provide the value you demand for your money.

Advantages of CTP Diesel Power™:

Water is welcome almost everywhere except in your fuel system. Water in diesel fuel severely damages fuel injectors, corrodes fuel tanks and fosters the growth of bacteria. Our highly concentrated Diesel Power™ is an all in one package, with additives to improve the fuel's lubricity. Increase your engine's performance by giving Diesel Power™ a place in your equipment's fuel system today.

- » **Totally disperses water for complete combustion**
- » **Contains lubricity additives**
- » **Contains cetane improvers**
- » **Eliminates the formation of algae and harmful acids**
- » **Stabilizes fuel**
- » **Decarbonizes combustion chamber**
- » **Cleans injection system**
- » **Reduces exhaust smoke**
- » **Prevents icing**
- » **Improves fuel economy**
- » **Contains no alcohol Mining**

*Not to be confused with original Caterpillar nozzle cleaner.
